# 美滤 MIRO

## 高端滤芯品牌“美滤”的由来

Hope for MIRO the premium filter brand

任何行驶环境下,都希望能提供舒适的车内空间。  
为了使发动机、车内空间更安全、更舒适,需要洁净的空气、“美丽”的空气。  
丰田纺织凭借高端滤芯的“过滤”,打造出这样“美丽”的空气。  
丰田纺织高端滤芯【美滤】、【美滤】的命名体现了我们的初衷。

In any driving environment, we hope to provide a comfortable interior space. In order to make the engine and car interior space safer and more comfortable, clean air and "beautiful" air are needed. Toyota Boshoku creates such "beautiful" air with the "filtration" of high-end filter elements. Toyota Boshoku's high-end filter element [Premium]、[Premium] naming reflects our original intention.

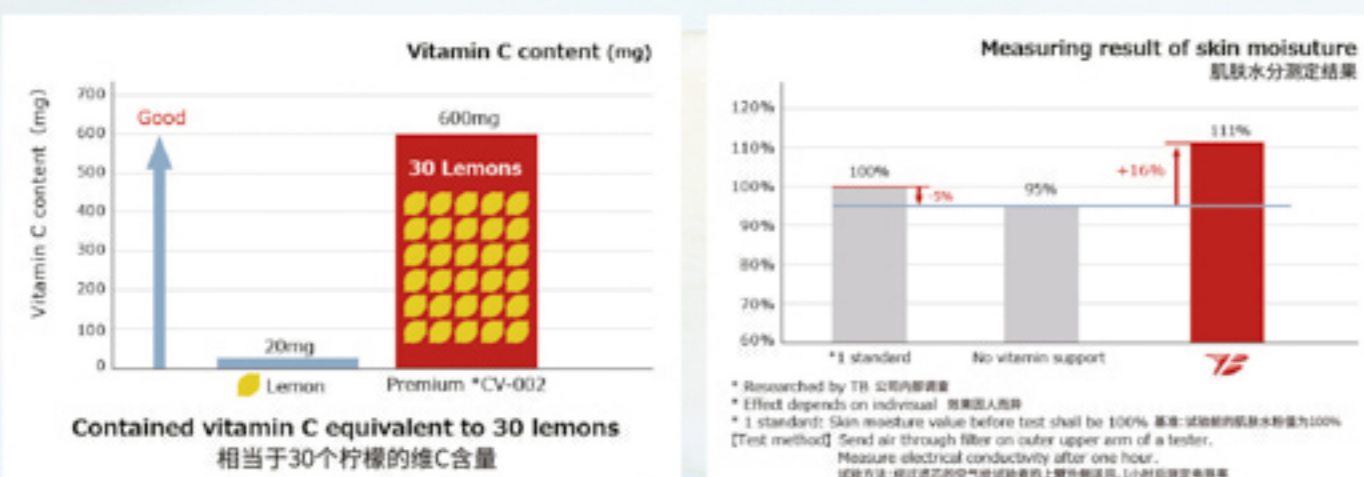

### 用富含维C的空气,保持肌肤的水润 Keep moisture of your skin by vitamin C air

丰田纺织【美滤】空调滤芯通过在滤芯涂覆的维C涂层,释放维C。车内被清爽的空气所包围。制造富含维C空气,达到防止肌肤干燥,保持水润的效果。

TOYOTA BOSHOKU Premium filter MIRO CABIN AIR FILTER Extra Premium can spread vitamin C by vitamin ceramics painted at filter! Vehicle inside space is filled with breezy air. Because of vitamin C air effect, we could prevent from drying your skin and keep your moisture.

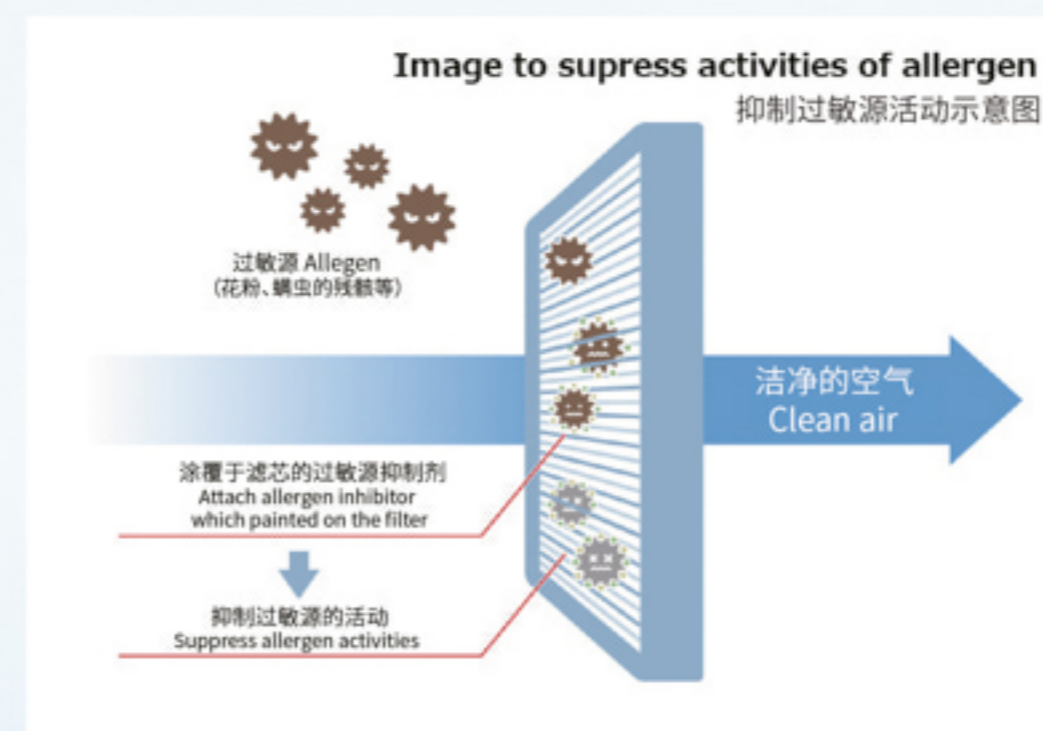

### 有效捕捉过敏源,抑制其活动 Catch allergen certainly and suppress its activities

滤芯涂覆过敏源抑制剂,对花粉、螨虫的残骸等过敏源24小时内的活动抑制率达90%以上。可为过敏体质的驾乘人员提供安心的车内空间。

Paint allergen inhibitor on filter. It suppresses more than 90% of allergen activities such as pollen and dead mite caught by filter for 24 hours. Provide secure inside the vehicle for those with weak body resistance.

### 高通风性确保舒适的空调出风量 Maintain comfortable air volume by high air flow performance

维持空调性能,需要稳定的风量。优化滤芯的形状、结构刚性、材质、重量,兼顾除尘性能和通风性

In order to maintain air condition performance, stable air volume is required. Filter shape, hardness, material, weight and discerning dust elimination performance and the most suitable balance secure high air flow performance.
