Proposal No.1

Appropriation of surpluses

The company wishes to appropriate surpluses as set forth below.

Year-end dividend

In light of the company's desire to maintain a sustainable level of dividends over the long-term, and in light of the Toyota Boshoku Group's consolidated performance and dividend payout ratio, we intend to pay year-end dividends for FY2014 as set forth below.

1	Assets to be distributed as dividends	Cash
2	Apportioning of dividend assets; total amount of dividends	9 yen per share of common stock; total 1,667,984,616 yen The cash dividend for the fiscal term, including an interim dividend, is 18 yen per share.
3	Distribution of surpluses becomes effective on	June 15, 2015

1. Reason for the revision

- (1) The company has previously sought swifter decision-making and more dynamic execution of company business through an executive set-up that included executive and executive managing officers, but now wishes to partially revise Articles 18 (number of directors) and 21 (directors with special titles and representative director) of the articles of incorporation in order to change the upper limit on the number of directors to suit the reality of today's board of directors.
- (2) In light of the changes in the scope of directors able to enter into limited-liability contracts on a company's behalf – such changes made with the enforcement of the Act on Partial Revision of the Companies Act (act no. 90 of 2014) on May 1, 2015 – the company wishes to partially revise Articles 25 (exemption of directors from liabilities) and 31 (exemption of corporate auditors from liabilities) of the articles of incorporation so that non-executive directors and non-outside corporate auditors can fully perform the roles expected of them. The corporate auditors have already given their agreement regarding the revision of Article 25.
