

Toyota Boshoku exhibit at the 44th Tokyo Motor Show 2015

Appealing interior spaces with the concept of “Delight Creation”

Kariya (JAPAN) October 15, 2015 - Toyota Boshoku Corporation(Tokyo:3116, President: Yoshimasa Ishii) will present a booth in the 44th Tokyo Motor Show 2015 held at Tokyo Big Sight from October 28 to November 8.

Under the concept of ‘**Delight Creation**’, Toyota Boshoku’s booth focuses on creating appealing automobile interior spaces where visitors can experience various delights, such as the pleasure of comfortable seats, and the excitement of personal expression. At the booth, Toyota Boshoku will present a new type of seat for the Prius using a newly developed seat frame, a luxury concept seat for the ultimate automobile space, and a sports seat using *Foam in Place Method* that achieves a high level of comfort with design sophistication. Toyota Boshoku will also be presenting items of the company’s craftsmanship using proprietary precision processing technology.
