オイルフィルター

Oil Filter

省資源・環境保護に配慮したオイルフィルターです。

These oil filters were developed to save natural resources and help preserve the environment.

エレメント交換型 Replaceable type

うれしさ Advantages

▶交換作業性向上と廃棄物低減を実現 (交換部品はエレメントとOリングのみ)

Replacement has been made easier and waste is reduced.(Replacement parts consist of the filter element and O-ring only)

(Filters are changed 10times.)
