

テストコースを活用した製品開発

Product Development On The Test Course

クルマやシートと対話し、徹底的にこだわった製品を届ける。

We engage and interact with the vehicles and seats to deliver meticulously developed products.

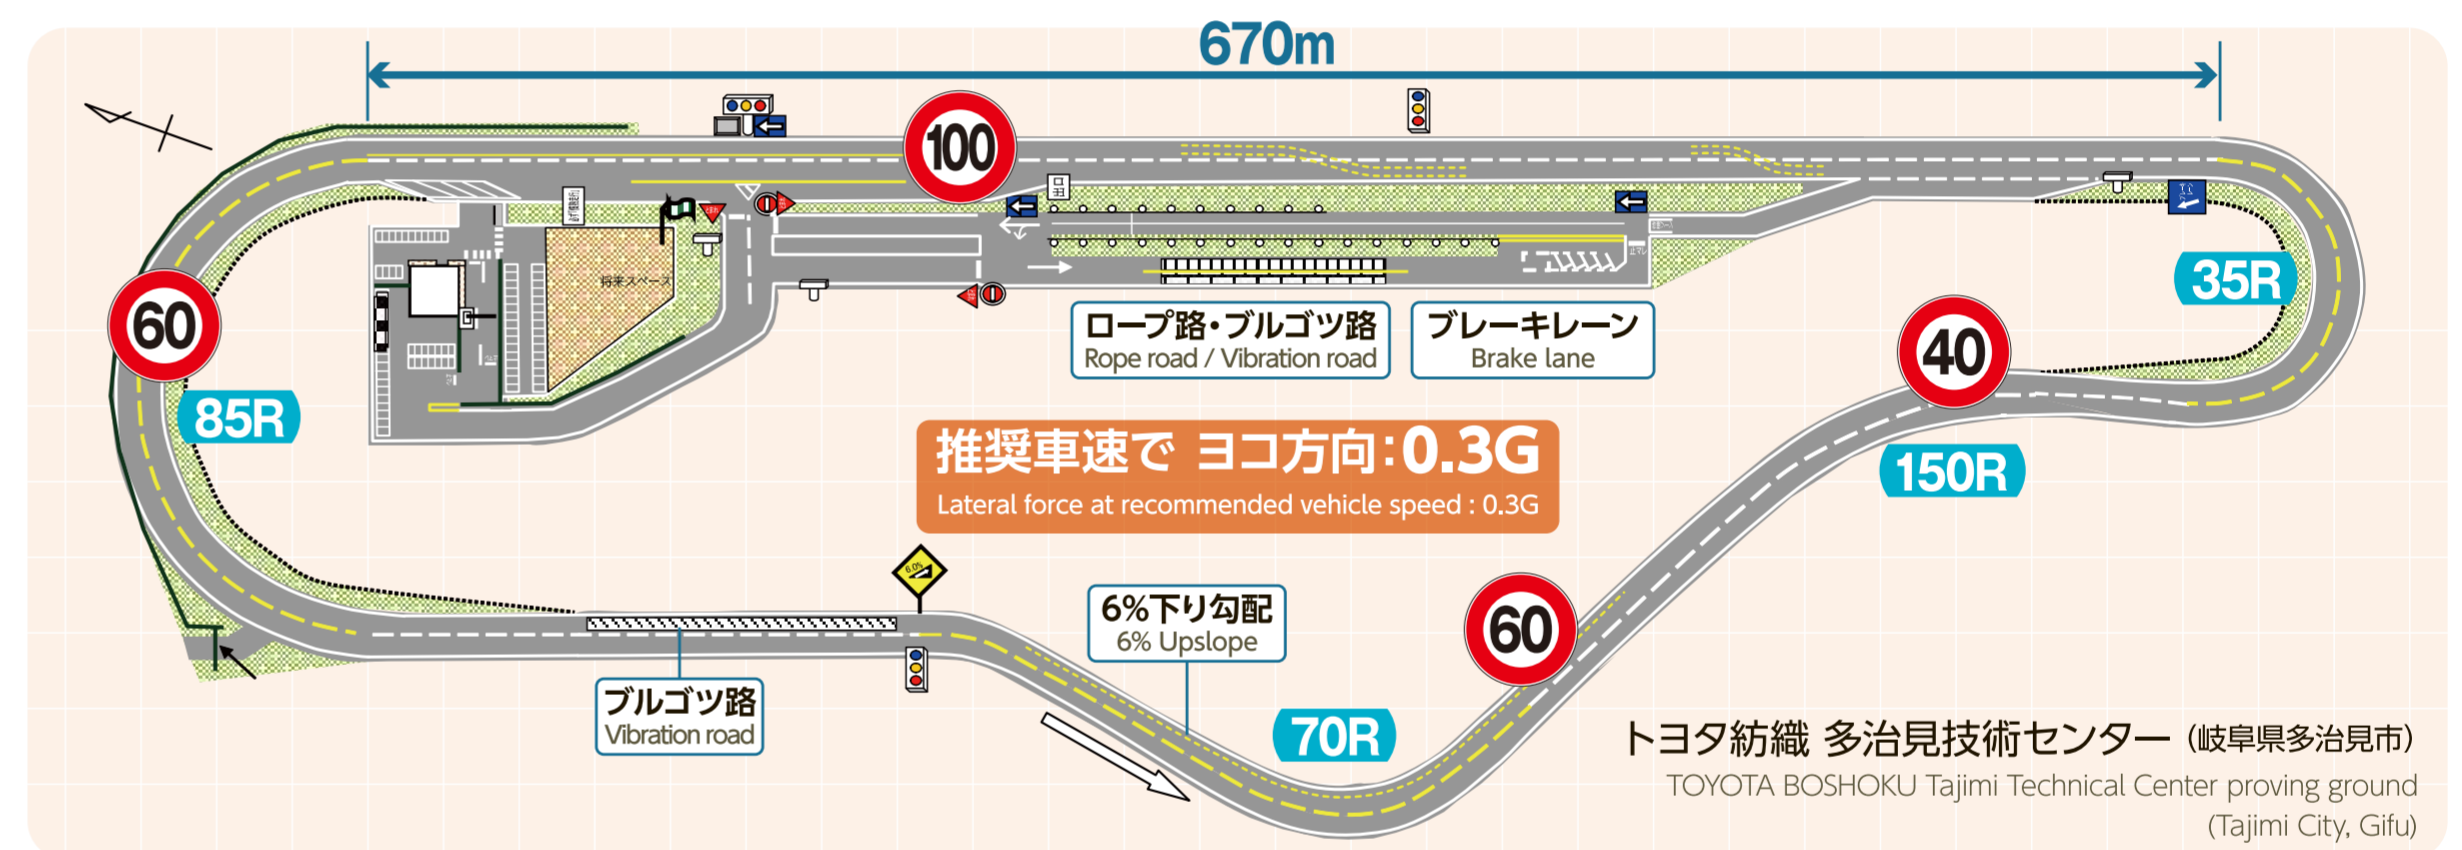

特長 / FEATURE

1 自然の地形を生かした評価しやすいコース

The test course takes advantage of natural topography to make it easy to assess the products

2 シートの評価に必要な走行や、振動入力が可能

The course provides all the driving conditions and vibration inputs needed to assess seats

効果 / RESULTS

1 開発者全員が、性能を体感でき議論できる

Everyone involved in development can experience and discuss the performance

2 試験室での評価、分析技術との連携による開発力の強化

Boosts developmental capabilities when combined with Testing Department assessments and analysis technology
